Massage Therapy

Far beyond simply feeling good, massage has an impressive range of documented effects and benefits. With a variety of hands-on methods, a skilled massage practitioner not only stretches and loosens muscle and connective tissue, but also greatly improves blood flow to the heart. Sensory receptors in the skin and muscles wake up, bringing new awareness to areas that have felt cut off by chronic tension patterns. The release of muscular tension also helps to unblock and balance the overall flow of life energy throughout the body. Treat yourself to the benefits of massage today.

Functional Movement Screening

Functional Training Screening is an innovative system used to evaluate movement pattern quality for an individual. It is not intended to diagnose orthopedic problems but rather to demonstrate limitations or asymmetries in individuals. Once the FMS has revealed a dysfunction, if there is one, an appropriate exercise program will be implemented to correct the problem. This is a magic of FMS and corrective exercise system.

The screening consist of these seven simple tests conducted by our very own certified FMS trainer, Robinson Frias:

- Deep Squat
- Active Straight-Leg Raise
- Hurdle Step
- Trunk Stability Push-up
- In-Line Lunge
- Rotary Stability
- Shoulder Mobility

TEEN SLEEPAWAY

SLEEPAWAY CAMP

TRADITIONAL SLEEPAWAY

Located just 90 minutes outside of NYC, the New York YMCA Camp boasts over 1,000 beautifully wooded acres, three lakes, miles of hiking trails, playing fields and courts, a horse ranch, low/high ropes courses, and more. One of the best and most important things about our Sleepaway program is that it is designed to change with the changing, developmental needs of your child. We offer the perfect mix of fun, challenge, and support at every age to ensure that camp is a place you never outgrow!

Camp McAlister (Ages 7-11)

Camp McAlister is carefully designed to provide a happy and successful introduction to the magical world of Sleepaway Camp. Small group sizes (6 campers per cabin), low ratios, and staff carefully chosen for their experience working with younger children ensure that all campers have a safe, nurturing, and very fun first camp experience. Campers explore a wide range of activities including swimming, archery, arts and crafts, field games of every variety, canoeing, hiking, and so much more. Friendships form and deepen quickly as cabin groups become like family and each new day brings more opportunities for shared meals, new experiences, outdoor adventures, and late night laughter.

Camp Talcott (Ages 11-14)

Just up the hill from Camp McAlister, Camp Talcott provides the perfect next step for pre-teens and young teenagers ready to expand their horizons. Recognizing that teens crave independence, but still need a structured, safe environment to express themselves, our program allows teens the opportunity to shape their own camp experience. After sampling a wide range of camp activities in the first days of each session, Talcott campers can choose new favorites each week to explore more deeply. With an eye toward developing our future staff, we focus constantly on fostering responsibility, confidence, and leadership skills among campers, while simultaneously ensuring a fantastic time!

BOLD-GOLD Adventure Trips (Ages 15-16)

BOLD/GOLD (Boys/Girls Outdoor Leadership Development) combines the very best of a summer at Camp Talcott with exciting team building activities, leadership development, and awesome adventure trips designed especially for our oldest campers. Our trips explore some of the best outdoor playgrounds that our Tri-State region has to offer. Activities for campers include hiking, camping, canoeing, tubing, climbing, high team adventure, backpacking, and more! BOLD/GOLD is designed to bring together young high school students from all different walks of life to grow and learn together in a fun and challenging way. No experience necessary, and personal growth is assured! Two week sessions only.

Leaders-In-Training (Ages 15)

Designed for 15-year-old campers who would prefer not to go on trips, our Leaders-In-Training (LIT) Program allows a range of leadership and skill building opportunities on-site at Camp Talcott. Participating in a blend of formal leadership training, service learning opportunities, and traditional camp activities, LIT campers get the best of both worlds, an opportunity to enjoy camp with their peers while learning what it takes to be a future leader, both at camp and beyond! Our LIT program runs in two week sessions only.

Counselor-In-Training Program (Ages 16-17)

The first step in our rigorous staff development program, our CIT programs is a rewarding introduction to the world of camp counseling. These programs combine formal leadership training, service learning opportunities, and daily practical experience working with small groups of children. CITs acquire skills to become responsible, thoughtful, and creative leaders. These positions require a mandatory training session and a two-week minimum commitment.

Global Teen Camp (Ages 12-16)

This one-of-a-kind international sleepaway camp promotes language acquisition through authentic learning and cross cultural friendships. In a traditional summer camp setting, this dual language immersion program brings together campers from five different countries—the U.S., France, Germany, China, and Colombia—to live, learn, have fun, and create lasting friendships. This program, designed and overseen by certified, bilingual teachers, utilizes tandem learning, in which peers guide and encourage each other's learning (e.g., an American child learning German is paired with a German child learning English). Through a combination of academic and recreational activities, each child becomes more proficient in their "target" language while serving as an expert in their native tongue. Blending the fun of traditional sleepaway camp with the skills needed to navigate a diverse, multilingual world, campers develop friendships and have shared experiences that inspire language learning and cultural fluency both during and long after camp has ended. American campers can specify in which language village they would like to live and study.

SPECIALTY SLEEPAWAY

World Volleyball Training Center (Girls, Ages 10-17)

We offer progressive training techniques for all skill levels, position-specific training, and video training with personal feedback. We also offer plyometric and weight training opportunities for qualified campers. Our camp includes six indoor courts with sport court floors, outdoor grass courts, and a training room. Certified athletic trainers are on site and medical attention is available 24/7. Teams attending together are offered teambuilding activities, and all athletes enjoy the opportunity to engage in traditional camp activities during the times of day they are not training.

International Judo Camp (Starting at Age 8)

For more than 45 years, the International Judo Camp has offered world class training for athletes from around the world. During daily practice and evening Randori, our coaches evaluate skills to develop an individualized training program for every camper. Our focus is to support each child and adult to learn new skills and to perfect their existing ones. Our camp includes six competition areas of two inch Dollamar Flexi-roll mats—ideal for safe training and competition. Weightlifting and cardiovascular training equipment is available, and trainers and medical staff are on site 24/7.

EXERCISING COURTESY

To make your YMCA experience safe and enjoyable, please review the following tips.

- 1. Get oriented.** Not sure how to use the equipment or what you should be doing? Orientations are free for all members!
- 2. Speak up.** Report any incidents or accidents to a uniformed staff member immediately. Notify a staff member if equipment is not working properly.
- 3. Be safe.** Appropriate clothing and footwear for exercise are required. Sandals, open-toed shoes, and street clothing, or other clothing that restricts movement are not allowed.
- 4. Get a buddy.** We strongly encourage working out with a partner and using a spotter when training with free weights.
- 5. Keep it simple.** Our fitness equipment was not designed for the use of straps, belts, chains, ropes, and other devices designed for pulling or pushing the equipment. Doing so will compromise the stability of fitness center equipment and your own safety.
- 6. Please help keep facilities clean and safe** by wiping off equipment after use, returning all equipment to its proper place, picking up personal items, and removing plates from weight lifting bars when you are finished. Do not bring food, open containers, or coffee cups into the fitness center.
- 7. Give others a turn** by respecting the 30-minute time limit on all cardiovascular equipment if others are waiting.
- 8. Lock it up.** Daily lockers are reserved for your personal items while you are in the Y. Items may be left overnight in rented lockers only. Please visit the front desk for more information on monthly locker rentals.
- 9. Youth are welcome.** Before using the Fitness Center, children ages 12 to 17 must complete an orientation session and submit a signed parental consent form to staff.
- 10. Hang it up.** For your security and safety and the consideration of others, please refrain from cell phone use in the fitness facilities.

LIVESTRONG AT THE YMCA

Cancer is a life-changing disease that takes a tremendous physical and emotional toll. The free LIVESTRONG at the YMCA program is here to help adult cancer survivors reclaim their total health.

Participants work with Y staff trained in supportive cancer care to safely achieve goals related to strength, flexibility, and endurance, while building confidence. By focusing on the whole person and not the disease, LIVESTRONG at the YMCA helps people move beyond cancer in spirit, mind, and body.
