Dear West Side YMCA Member,

Welcome to another exciting year at the YMCA of Greater New York! We look forward to serving you and your family with a variety of wonderful programs in 2020!

The New Year is my favorite time of year. It’s an opportunity to reflect, refresh, and reset. If you want to try something new in 2020, we have a world of options. If you need to get back into a fitness routine, or don’t know where to start, try a personal trainer or the free YMCA Weight Loss Program.

I first came to the Y 20 years ago and now it’s the centerpiece of my life. My daughters, now in college, both learned to swim in Y pools. Now, you’ll find me trying out new classes at different branches across the city.

The YMCA of Greater New York is here for all New Yorkers — to empower youth, improve health, and strengthen community. You’ll find our mission reflected in every program in this guide, all of which are designed to help you learn, grow, and reach your full potential.

Plus, new this year is a customizable Family & Household Membership, our latest initiative to improve membership at the Y. You can add a partner, young adult child, grandparent, roommate, or a caregiver to your membership at a reduced rate. Talk to our membership staff for details.

Thank you for choosing the YMCA of Greater New York — and have a fantastic year!

Sharon Greenberger, President & CEO

ADULTS

Train with friends, play a sport, try a new class,
and take care of the whole you.

The YMCA is here to help you get healthier,
achieve your goals, and have fun while doing it.

The Art & Craft of Novel Writing

You have an idea for a novel. Perhaps you've sketched out some characters or jotted down some scenes. Maybe you've written a few chapters, or a first draft -- or maybe you haven't been able to get started. This workshop will help you proceed from where you are, whether that's Square One or somewhere along the way. Writing a novel involves creating a world populated by compelling characters while making sure every moment brings the story to its fullest potential. This workshop will help you develop the skills to make that happen. Approaches to plotting will receive special attention. Other topics include voice, point of view, dialogue and theme. Each student will have a chance to submit one chapter, or about ten pages of work, every other week. These pages will be read by everyone in advance. Expect lively and friendly discussions by a small, supportive group. Appropriate for genre and literary fiction. Instructor: Stephanie Lehman

Telling Great Stories

Everyone has a story to tell. Whether you're a skilled practitioner polishing a piece or a beginner learning the craft, this workshop has something for you. Often, there isn't a big difference between fiction and nonfiction, and both formats are welcome here. Many writers begin with incidents that they remember, or situations that are happening now, and shape that material into stories. We will focus on elements of "creative" prose writing—plot, character, setting, voice, and beginnings and endings—through weekly prompts and detailed critiques. Exercises and works in progress will be reviewed in class in a friendly supportive atmosphere. Revisions of works in progress will be considered, as well. Often, work begun as an exercise grows into a longer piece after the class meeting. Each writer will receive one-to-one attention. The workshop is open to everyone. Instructor: Thaddeus Rutkowski

Suggested weekly assignments will be given to help trigger memories. Along with weekly writing in class, everyone can bring in 2 pages to be critiqued each week by classmates and teacher. The teacher will also take home weekly work, which will be read and returned the following week. Instructor: Patty Dann

Text In Action: Exploring Theatre Fundamentals

At its core, theatre is a series of actions moving through time and space. In this

class, we will create and explore action with established theatre texts. By providing a space for creative thinking, imaginative exercises, textual investigation and scene work, we will explore how dramatic text becomes action and movement in the theatre. Working on dramatic text and exploring characters has a way of providing us with a deeper insight into what makes us human and connects us as a larger community. This work serves to create an open-mindedness to world around us. We will have the opportunity to exercise and explore our inner soul, our humanity and our individual greatness through dramatic text. Those in our group will have the chance to experience inhabiting a character, moving through a scene, collaborating with scene partners and exercising emotional responses. ARTS

Do you have a teenager who loves to act or is interested in the technical aspects of theater? Our teen arts programming is the place for them! We offer programs that focus on teaching basic performance techniques in a collaborative environment. If your teen is not interested in performing on stage but is interested in learning about what goes on backstage, then Teen Tech is the perfect program for them!

TEEN TECH CREW (Ages 12-19 years)

In Teen Tech Crew, technical theater professionals teach weekly workshops in lighting, stage management, sound, costume, and scenic design. Students support Kids Company productions with their new learnings, and work backstage during Teen Theater Collective's dramatic play presentations. Teen Tech Crew is integrated fully into our Kids Company and our Teen Theater Collective productions, playing essential roles backstage, in the booth, and assisting with the building of scenery, props, and costumes.

Over the course of the year, students also create independent study projects in their areas of interest (lighting, sound, costume, stage management, scenic design) under supervision by a designated mentor, and share out their work in a special Teen Tech Presentation. **Teen Tech is free with support from the Annual Campaign.** Students who register for the program must make a commitment of attendance, punctuality, participation, and effort.

Fridays 4:30-6:30 PM | Starts January 10th
Tech Presentations: Sunday, May 3 at 3:00 PM

Teen Theater Collective (Ages 10-18 years)

In Teen Theater Collective, students rehearse and perform a classical theater production in the Marjorie S. Deane Little Theater, a unique opportunity for teens to develop their identity, grow as actors and artists, and build a community with their peers. Classes include the development of acting, improvisation, writing, directing, and performance skills, the development of original material through a series of dramatic explorations, improvisation structures, writing exercises, and more. The resulting performance presented is a product of the collective of teens, their strengths, personalities, passions, and pursuits.

This session's production is **The Man Who Came to Dinner** by Moss Hart and George S. Kaufman Sheridan—a brilliantly witty madcap play that manages to combine the sophistication of great comedic literature, the frenetic energy of the silliest farce, and a genuinely sweet heart into one of the most beloved comedies of the American theatre. Filled with fascinating character roles and winking homage to the intellectual and popular culture of the 1930s, this play is both a great period piece and a timeless classic.

A young girl with a joyful expression is the central focus, wearing a bright green swim cap and a colorful, patterned swimsuit. She is leaning over the grey metal grates of a swimming pool. The water is a vibrant blue-green, and in the background, another person is partially visible, also in the water. The overall scene is bright and lively, capturing a moment of fun and activity.

Kinder Camp (Ages 3-5)

Summer is the time to play, grow, and celebrate all the joys only summer can bring!

Kinder Camp is for children from age 3 up to 5 years old (entering Kindergarten in September 2020). Campers have the same fun as the big kids, but they stay closer to home and keep shorter hours. Kinder Camp provides our youngest campers with hands-on, experiential, fun activities planned to support each child’s social, physical, and cognitive skill development, preparing them for upcoming Pre-K For All (or other full-day) programming. Activities include swimming, outdoor play, music and movement, and interactive science, language, and literacy activities, with each week having its own theme. Staff members experienced in engaging with preschoolers understand the importance of rich adult-child interactions and focus on building supportive, nurturing relationships with every camper. Kinder campers enjoy campsite-based collaborations with child-friendly organizations and go on excursions within walking distance in their own communities. Campers also enjoy our cool, air-conditioned classrooms and peanut/tree nut-sensitive facility. Each child receives a swimming lesson once a week. Children must be toilet trained prior to their start of camp, as per our DOH licensing.

Day Camp (Ages 5.5-11)

(Campers are divided into age groups with children within one to two years of their age)

There is an energy and magic to summer camp that cannot be replicated! Friends, experiences, and memories to last a lifetime!

Our Summer Camp is open to current kindergarteners through 6th grade students who are ready to participate in a summer filled with awesome games and activities. Our campers establish new friendships, participate in sports and creative arts, explore science and nature, swim, and of course, have fun! Campers learn how to express themselves in a safe and fun environment while developing our four core YMCA values of respect, caring, honesty, and responsibility.

Our Day Camp includes a wide range of sports, instructional swimming, arts and crafts, and themed days such as “Superhero Day.” Each week features a different theme, such as Harry Potter, Star Wars, or Pokémon, where science, technology, engineering, and math (STEM) activities are geared towards the specified theme. Campers have swim lessons and recreational swim once a week at our on-premise pool. There are also weekly field trips. One field trip per session is done by bus or train where campers get a chance to learn about their

communities. Every two weeks, campers showcase something they have learned or created in our Family Share.

Day Camp activities are designed to help children retain and build upon the academic skills they have developed during the school year. Research has shown that children can lose a half grade of learning over the summer months. To help mitigate summer learning loss, the YMCA offers interactive programs such as Book of the Week, which gives campers the opportunity to read books and participate in facilitated discussions. Activities such as journaling and age-appropriate science experiments expand their literacy, math and science skills, and promote their ability to think critically.

All of the activities are geared to be fun and build lifetime memories!

Teen Camp (Ages 12-14)

Teens are at that magical time in life when they are developing unique personalities, opinions, and peer relationships. Summer is the time they explore, have fun, and continue to grow and mature!

Teen Camp is for young people who are currently enrolled in middle school and/or high school, and is designed to immerse campers in a variety of fun activities – tailored specifically to their age and interests – that keep them active, learning, and engaged during. Campers explore science, the arts, sports, and swimming, all with a focus on building skills, confidence, and strong peer relationships. Each session, campers participate in project based learning and citywide trips (2 per week) designed to engage teens in developing their leadership skills, real-world experiences, career aspirations, and educational goals --- all while making friends and having fun. Included are workshops that explore resume building and interview dynamics, helping teens prepare for the years ahead of them. Teens engage with their local communities through community service projects. Teen Camp creates memories, relationships, and experiences that they will carry with them for a lifetime!

(5-6 , 7-9, 10-12 age groups)

Immerse your camper in the world of arts! Campers are grouped by age and receive specialist-led instruction in dance, drama, music, and visual arts. Campers learn different styles and techniques with a focus on foundational skill building, development of original material, rehearsal, and performance. Each two-week session culminates with a performance showcase for family and friends in the Marjorie S. Deane Little Theater.

When not creating art, our campers engage in Day Camp activities, including weekly field trips, sports, team-building activities, and swimming (two times per week).

Our activities and interactions emphasize building self-esteem and self-confidence.

Campers learn the history, rules, and key skills of baseball, basketball, soccer, and flag football, all while having fun and practicing their techniques in mini-games. They explore the values of teamwork, good sportsmanship, and motivating each other to succeed, while strengthening their appreciation for a strong work ethic. Sports Camp staff have a background and/or education in coaching sports.

When campers are not playing a sport, they engage in Day Camp activities, including weekly field trips, arts and crafts, and swimming (two to three times per week).

SLEEPAWAY CAMP

Located just 90 minutes outside of NYC, the New York YMCA Camp boasts over 1,000 beautifully wooded acres, three lakes, miles of hiking trails, archery ranges and courts, a horse ranch, high ropes courses, and more. One of the best and most important things about our sleepaway program is that it is designed to change with the changing developmental needs of your child. We offer the perfect mix of fun, challenge, and support at every age to ensure that camp is a place you never outgrow!

TRADITIONAL SLEPAWAY CAMPS

Camp Greenkill (Ages 7-13)

Designed specifically for campers who may be new to sleepaway camp, or prefer an experience that includes more of the comforts of home, Camp Greenkill offers more modern facilities and a wide range of program options. Our 18,000 sq. ft. field house, along with acres of grassy playing fields, a lake for swimming and boating, and a new Ninja Warrior-style obstacle course, makes Camp Greenkill a particularly good fit for kids who can't get enough sports. Campers who prefer STEAM-oriented programs will love the Rockefeller Environmental Educational Center which offers cool indoor spaces, including an Arts & Crafts studio, a maker space, a wildlife exploration room, and more. So many options, so little time! Two-week sessions.

Camp Talcott (Ages 9-14)

Just up the hill from Camp Greenkill, Camp Talcott's beautifully rustic cabins, nestled into the woods alongside a pristine lake, provide a more traditional, iconic sleepaway experience. Campers who love the water find Talcott's lake to be an awesome aquatic playground—swimming, kayaking, stand-up paddleboarding, tubing, and sailing—we've got it all! Traditional camp activities like archery, hiking, high ropes, woodworking, ceramics, outdoor cooking, arts & crafts, and field games keep even our most active kids happily engaged all summer long. And as campers get older, they have more freedom to choose their own schedule, ensuring they get plenty of time in the activities they love most. Two-week sessions.

TEEN SLEPAWAY CAMPS

Leaders-In-Training (Age 15)

Our Leaders-In-Training (LIT) Program includes a range of leadership and skill building opportunities on-site at Camp Talcott. Participating in a blend of formal leadership training, service-learning opportunities, and traditional camp activities, LIT campers get the best of both worlds, an opportunity to enjoy camp with their peers while learning what it takes to be a future leader, both at camp and beyond! Our LIT program runs in two-week sessions only.

Counselor-In-Training Program (Age 16)

The first step in our rigorous staff development program, our CIT program is a rewarding introduction to the world of camp counseling. These programs combine formal leadership training, service-learning opportunities, and daily practical experience working with small groups of children. CITs acquire skills to become responsible, thoughtful, and creative leaders. This program requires a minimum two-week commitment.

SPECIALTY SLEPAWAY CAMPS

World Volleyball Training Center (Girls, Ages 10-17)

We offer progressive training techniques for all skill levels and positions. We also offer plyometric and weight training opportunities for qualified campers. Our camp includes six indoor courts with sport court floors, outdoor grass courts, and an athletic training room. Certified athletic trainers are on site and medical attention is available 24/7. Teams are offered teambuilding activities, and all athletes enjoy the opportunity to engage in traditional camp activities during the times of day they are not training.

International Judo Camp (Starting at Age 7)

For more than 45 years, the International Judo Camp has offered world class training for athletes from around the world. During daily practice and evening Randori, our coaches evaluate skills to develop an individualized training program for every camper.* Our focus is to support each child and adult to learn new skills and to perfect their existing ones. Our camp includes six competition areas of two-inch Dollamar Flexi-roll mats—ideal for safe training and competition. Weightlifting and cardiovascular training equipment is available, and athletic trainers and medical staff are on site 24/7. *Participants must have three months of Judo training prior to attending camp.

World Teen Camp (Ages 12-16)

A truly international experience, our World Teen Camp offers a one-of-a-kind language and cultural exchange opportunity for older children and young teens. In a traditional summer camp setting, this dual language immersion program brings together campers from all over the world to live, learn, have fun, and create lasting friendships. This program, designed and overseen by certified bilingual teachers, utilizes tandem learning in which peers guide and encourage each other's learning (e.g., an American child learning German is paired with a German child learning English). Through a combination of academic and recreational activities, each child becomes more proficient in their "target" language while serving as an expert in their native tongue. Blending the fun of traditional sleepaway camp with the skills needed to navigate a diverse, multilingual world, campers develop friendships and have shared experiences that inspire language learning and cultural fluency both during and long after camp has ended. Campers specify in which language village they would like to live and learn, selecting one of the following languages: Spanish, French, German, or Mandarin.

CODE OF CONDUCT

At the YMCA of Greater New York, creating a safe and welcoming environment is a team effort.

We ask everyone — staff, members, and guests — to follow our Code of Conduct, which is based on our core values of caring, honesty, respect, and responsibility.

- 1. Speak** in respectful tones; refrain from the use of vulgar or derogatory language; and dress appropriately.
- 2. Resolve** conflicts in a respectful, honest, and caring manner; never resort to physical contact or threatening gestures.
- 3. Respect** others by refraining from intimate behavior in public; abstain from contact of a sexual nature.
- 4. Respect** the property of others; never engage in theft or destruction.
- 5. Create** a safe, caring environment; never carry illegal firearms or devices.
- 6. Participate** in programs to build a healthy spirit, mind, and body; never engage in the use, sale, dispensing, or possession of illegal drugs or narcotics, or the unsanctioned use of alcohol on YMCA premises.
- 7. Adherence** to the YMCA Code of Conduct and regulations is essential.

Cooperation among staff, members, and guests is an important part of making our YMCA welcoming to all.

Suspension or termination of membership or employment with the YMCA may result from violating this Code of Conduct.

EXERCISING COURTESY

To make your YMCA experience safe and enjoyable, please review the following tips.

- 1. Get oriented.** Not sure how to use the equipment or what you should be doing? Orientations are free for all members!
- 2. Speak up.** Report any incidents or accidents to a uniformed staff member immediately. Notify a staff member if equipment is not working properly.
- 3. Be safe.** Appropriate clothing and footwear for exercise are required. Sandals, open-toed shoes, and street clothing, or other clothing that restricts movement, are not allowed.
- 4. Get a buddy.** We strongly encourage working out with a partner and using a spotter when training with free weights.
- 5. Keep it simple.** Our fitness equipment was not designed for the use of straps, belts, chains, ropes, and other devices designed for pulling or pushing the equipment. Doing so will compromise the stability of fitness center equipment and your own safety.
- 6. Please help keep facilities clean and safe** by wiping off equipment after use, returning all equipment to its proper place, picking up personal items, and removing plates from weight lifting bars when you are finished. Do not bring food, open containers, or coffee cups into the fitness center.
- 7. Give others a turn** by respecting the 30-minute time limit on all cardiovascular equipment if others are waiting.
- 8. Lock it up.** Daily lockers are reserved for your personal items while you are in the Y. Items may be left overnight in rented lockers only. Please visit the front desk for more information on monthly locker rentals.
- 9. Youth are welcome.** Before using the Fitness Center, children ages 12 to 17 must complete an orientation session and submit a signed parental consent form to staff.
- 10. Hang it up.** For your security and safety and the consideration of others, please refrain from cell phone use in the fitness facilities.
